

Global Paris-Aligned Equity Fund

UCITS Fact Sheet | 31 December 2024

Investment Objective

The investment objective of the active Fund is to achieve long-term capital appreciation by investing primarily in global equities.

Philosophy and Process

Harding Loevner believes a diversified portfolio of high-quality, durable-growth companies purchased at reasonable prices will provide superior investment returns with below-average risk over the long term. Our analysts conduct careful bottom-up research of individual companies and analyze the competitive dynamics of their industries to identify the best growth companies and to assess the value of their shares. To qualify for investment, companies must be well managed, financially strong, and possess clear competitive advantages relative to their peers.

Risk Factors

Securities investing has risks. These include fluctuations in the value of the Fund's investments and in the value of Fund shares, caused by market volatility, changes in exchange rates, currency conversions, and other factors. The value of your investment will vary and may be worth more or less than your original investment. An investment in a Fund should not constitute a substantial proportion of an investment portfolio and may not be appropriate for all investors. For further discussion of risk factors, refer to the Risk Factors section of the Company's prospectus and the applicable Fund's Prospectus Supplement.
